

Shooting/Puckhandling Camps

This Camp will focus on shooting, handling the puck, and scoring!

- Learn how to make the **Goal Hunter Grip** for proper shooting **power and accuracy!**
- **The ability to handle the puck and keep it for long periods of time is very important**
- **Using a stick with the proper lie, length and curve** will maximize the player's ability to shoot with speed and accuracy and to handle the puck properly. Ask us questions!
- Some of the shots taught: forehand, backhand, one-timer and slap shot, learn how to shoot while moving, shoot for the corners, quick release, deke the goalie, patience with the puck, getting into position to score.
- Each player will have their **shooting analyzed using video**...they will learn by watching themselves shoot and recognize what they are doing correctly and incorrectly.

Keys to shooting and puck control:

- 1.) Hold the stick using the **proper** grip.
- 2.) Use a stick that makes it possible to transfer power to the puck and control the puck.
- 3.) Develop the proper technique needed to consistently shoot hard and accurately.
- 4.) Develop strength in the muscles used in shooting (triceps, forearm, shoulders, hands).
- 5.) **Shoot 100's of pucks properly**
